

SPOT™ PathSuite Solutions | The Perfect Fit

PathStation™
Imaging system
for the gross
dissection "in hood"

PathStand™ 40
Complete stand-alone
imaging station for
medium to large
specimens

PathSuite™ Is Easy To Use

- A turnkey solution for each of your needs
- Configurable user interface to meet your labs work practices
- Barcode data input speeds clerical work
- Simple on-screen image preview and image editing
- Computer controlled lens and camera provides wide field and magnified images
- Touch-screen annotation, sample and section labeling
- Calibrated image capture allows quick measurement of length, area and more via touch screen interface
- Touch-screen keyboard for "gloved-up" work areas
- Foot switch control of software functions such as:
 - Preview, Zoom, Focus, Capture, Dump, Save
- Auto-incrementing of sample, section and block labels

PathSuite™ Enhances Traceability

- Eliminate clerical errors with barcode entry of case and session data
- Documentation of sample "as received"
- Documentation of labels "as received"
- Documentation of section and block location
- Documentation of cassettes used

PathSuite™ Is A World Class Solution

Premium grade optics, cameras, computers and accessories • Purpose designed - not a consumer product adaptation
Outstanding images result from: > High resolution - 5Mp, 3Mp, 1.3 Mp options > CCT Correct Color Technology™ for "SPOT ON COLOR!"

Washable screens, stands and accessories to fit your lab environment

SPOT™ PathSuite | Provides Systems to meet both your Macro and Micro imaging requirements:

PathStand™ 24

Complete stand-alone imaging station for small to medium samples

PathStereo™

Imaging system for small tissue dissections and needle biopsies

PathScope™

Imaging system for microscopy slides

PathSuite™ Gives You A Professional Image

- All-In-One computer implementation eliminates clutter
- Digital documents present a progressive impression to associates and patients
- Hosting web conferences tells your referral doctors and associates that you value their time

PathSuite™ Provides The Digital Imaging Advantage

Ability to save images to individual or multiple locations:

- > OS directories
- > SPOT™ database
- > Lab or hospital database

Immediate access to images for other colleagues within your lab or at remote sites

Interactive image sharing via internet web conference interface
